Mooney Grove
Resident Concern Form

Park Management constantly strives to maintain an attractive, harmonious community. Occasionally, situations arise that violate these objectives. We encourage residents who have concerns to put them in writing and submit them to the park office so that Management can take appropriate action. In extreme cases, a legal eviction action against a resident may become necessary. The Mobilehome Residency Law is specific as to the conditions required for an eviction. Written documentation of ongoing violations is essential. Note, however, while the form is confidential in the park office, it is not guaranteed to be confidential in a court of law.
